October 2018 Newsletter

Welcome to the New Fiscal Year!

We need your help to make sure our records are completed. If we call you and you do not answer, please call us back as soon as possible.

Starting October 1, 2018, the trial period for the NEW Child and Adult Care Food Program Meal Pattern is over. This means Technical Assistance will no longer be given and disallowances will begin. Please remember to serve **WHOLE GRAIN BREAD** once per day per shift. Also, for those

who file electronically, remember to mark the whole grain box in Minute Menu... It might be best if you check once per day to make sure the whole grain rich box is checked. Otherwise, the system will disallow you for the meal with the least reimbursement for that day.

Menu Specifications

Please remember to specify cheese, crackers, mixed fruit, mixed vegetables, fruit salad, green salad, and any other vague or combination item on your menu.

Menu Changes

When making a change to your menu, please remember to write it on your posted menu. In addition to this, please remember to make the change in Minute Menu as well, if you file electronically.

Monitoring Reviews

All monitoring reviews will be unannounced beginning October 1, 2018, unless it is a first 4our week review for new providers. Our goal is to work together as a team to make this the best year ever and to make sure the regulations are followed at all times. The Federal regulations indicates that monitoring reviews are to be sporadic, not predictable. Please help us stay in compliance.

Breakfast Cereal

Please remember breakfast cereals must not contain more than **6g of sugar**.
